PDF attachments are preferred. Please also submit any questions you may have to the same address.

- **Survey of Earned Doctorates.** Please fill out the survey on line and submit the Certificate of Completion.

- **Doctoral Thesis Reader Sheet.** You must use the writeable form on our website. You should complete all information except the signatures and signed dates. You will submit it by email to your department, who will review it and gather the signatures. They will send it to us. Students may not handle this form after the first signature is made.

SUBMIT ON PROQUEST SITE BY AUGUST 7, 2020:

- **The ProQuest Publishing Agreement via ProQuest site.** This is done when you submit your preliminary dissertation on ProQuest site. All fees/payments must be made online via the ProQuest site. Your fee will depend on your chosen publishing option. There’s no cost for basic Traditional Publishing. If you intend to register copyright and/or purchase copies of your dissertation, you must submit the payment at this time.
  * Even though the fee might be due at this time, only the final dissertation will be published and reproduced (if you order copies).

- **The Dissertation Abstract via ProQuest site.** This is done when you submit your preliminary dissertation on ProQuest site. You must copy and paste your Abstract on the ETD Details page. Abstracts can be revised up to the final dissertation deadline.

- **The preliminary dissertation submission** must be uploaded through the ProQuest site. The submission must be correctly formatted: double-spaced and the margins must be one inch on all four sides. Page numbers must be at minimum, ¾ of an inch from the edge of the page, bottom-centered or top-centered (set the header/footer settings to 1 inch) and must not be in the right hand margin. There should be at least two or three lines between the page number and the text/footnotes. The formatting must be in accordance with the guidelines in the A Formatting Guide for Successful Completion of the Doctoral Dissertation. The first upload of the dissertation may be a working copy, but it MUST be correctly formatted. We recommend a full draft to reduce necessary formatting changes for the final dissertation. It will not be considered final until it has been reviewed and defended.
